

RAPID Covid-19 Tests

According to the Logan County Health Department, there are four places to get a rapid test:

At-Home Rapid Test Kits:

Logan County Health Department – 937-592-9040

- Limited number of rapid tests
- Located outside the walk-up window
- Available from 8:30 a.m. to 4:00 p.m.
- "Please do not come inside if you need a test kit and are sick, you may use the walk-up window for additional test kits if needed."

MR Urgent Care – 937-651-6820

- Limited number of rapid tests
- Available inside at the check-in window

At-Home test kits may be available from drugstores and grocery pharmacies, please call the store to confirm

On-site testing:

Walgreens – walgreens.com

- Rapid testing by appointment only
 - (Appointments must be made online at walgreens.com)

Family Urgent Care – 937-592-0731

- Rapid tests are available, no appointment necessary (10am-6pm)
 - Available for insured and uninsured
 - Uninsured cost is \$150
- PCR tests also available
 - Test results sent out to a lab
 - Cost is \$100

Do not direct to:

Community Health and Wellness - only testing their patients
